- **Request for Help – Seeds of Hope**

I writing to see if there are any healthy folks out there who don't have child responsibilities but might be home from work closure that might be able to help us feed the folks that we serve. The majority of our volunteers are either older or have underlying health issues and cannot volunteer. We are close to being unable to feed folks. If you volunteered, you wouldn't be in contact with the public. What we need is people filling brown bag lunches and restocking for the following day. If you or someone you know might be able to help out, please be in touch ASAP. We will have to make a decision by Friday whether we can continue to provide food.

Warm regards, Shirley
