

My son's father-in-law's companion died recently and he has to move. I've agreed to let him live with me so he won't have to move away. He has a little cat but I can't take her because I already have two. She is spayed and is an indoor outdoor cat. Sweet and loving. I want to ask if anyone hears of a home for her, please let me know or she will have to go to a shelter.  
Thank you. Anne Wood
