

RE LEAD

Good morning

Our Church is seeking a Religious Exploration (RE) Teacher/Program Coordinator for mid September to mid June. Our growing program currently serves seven participants aged 4-10 years old. We offer a stipend of \$2,000 for the year, roughly \$50 per Sunday. This does not mean the program coordinator must be there every Sunday, but would coordinate coverage for all Sundays.

Our community is interfaith, liberal and centered around principles and values. No specific religious affiliation is required, only an openness to explore and learn about many traditions in very simple accessible ways, focusing on principles, values and community.

We have a curriculum with weekly lesson plans. We offer a modest stipend, professional development and supervision, and a great opportunity for experience and community service in a warmly welcoming setting. Volunteers will help with the classroom and provide coverage when the person would need to be away.

General Expectations:

Participate in an 3-4 hour orientation/integrated team retreat this summer

Prep for and lead 1-hour Sunday classes 3-4 Sundays per month

Coordinate classroom volunteers

Interface with ministers for planning thematic lessons and monthly intergenerational service

Collaborate with volunteers to provide 4 afternoon or evening intergenerational activities per year

Maintain simple records (attendance, expenditures...)

Communicate with congregation with a monthly newsletter update

Attend monthly RE committee meetings
